WORK EXPERIENCE

Mangla Tubes Pvt. Ltd.

Remote

Software Development Intern

June 2026 – Aug 2026

- Developed a web-based **Production Analytics Dashboard** using **React**, **FastAPI**, **SQL**, and **Chart.js** to monitor manufacturing KPIs including production output, machine downtime, rejection rate, and operator performance.
- Built RESTful APIs with FastAPI and SQL to automate production data collection, storage, and retrieval, reducing manual reporting effort.
- Designed interactive dashboards with real-time visualizations, enabling faster production monitoring and data-driven decision-making for shop-floor operations.

Practers

Remote

SEO & Content Writing Intern

May 26 - Present

- Identified and resolved on-page SEO issues, including broken links, missing metadata, duplicate content, and keyword optimization opportunities.
- Wrote and published SEO-friendly blogs aligned with user search intent and industry best practices.

The LNM Institute of Information Technology (LNMIIT)

Jaipur, Rajasthan

Teaching Assistant – Digital Systems Lab (Verilog)

Jan 2026 – Jun 2026

- Assisted undergraduate students in Verilog-based digital design labs, covering combinational and sequential circuit implementation.

PROJECTS

Guest House Management System

[GitHub](#)

- Developed a full-stack web application to streamline guest registration, room booking, check-in/check-out, and reservation management.
- Designed a responsive user interface and integrated a relational database to efficiently manage guest, room, and booking records.
- Implemented CRUD operations and secure authentication to simplify administrative tasks and improve overall management efficiency.

ACHIEVEMENTS & LEADERSHIP

• Student Mentor, C-Cell (LNMIIT)

Aug 2025 – May 2026

Mentored 44 undergraduate students, designed structured academic plans, analyzed academic performance, and coordinated with 25+ peer mentors, improving program efficiency by 20%.

• Social Media Head, TEDxLNMIIT

Aug 2024 – Present

Led social media campaigns, created promotional content, collaborated with speakers and designers, and increased audience engagement across multiple platforms.

• Competitive Programming

Solved 100+ Data Structures & Algorithms problems on LeetCode.
